According to the document of "IRGN2013_Misc Editorial Report"("7.Other issues"), TCA need to provide IRGN1984 Annex S source separation example. Besides the original and complete examples, TCA find 3 examples, please see the document of "IRGN2013_TCAFeedbackA".

During the review, there are more possible errors found in ISO/IEC 10646(4th edition) and to be reviewed by IRG editors. See attachment please.

ATTACHMENT
