Reference:	Appendix A、B and E
No. of pages:	4
Medium:	Electronic

Point 1

022	𠄎 (268DD) 𠄎 (268DE)		Flag 90
-----	------------------------	--	---------

Advise that word, 𠄎, should be marked as cognate.

Point 2

040	尢 (05C22) 尢 (05C24)		Flag 129-4
-----	------------------------	--	------------

Advise that both of word, 尢, and word ,尢, are non-cognate.

The meaning and pronunciation are very different.

Bellows are the details of these two words:

『尢』 ~ Radical : 尢

Number of stroke(except the stroke of radical):0

Total number of stroke: 3

Pronunciation : ㄨㄤˊ (wang)

Meaning: same as “gimpy”.

『尤』 ~Radical : 尢

Number of stroke(except the stroke of radical):1

Total number of stroke: 4

Pronunciation : 一又ノ (you)

Meaning: despite, to blame; even more, extraordinarily

### Point 3

052	魚(09B5A) 臭(29D4B)		Flag 149 cognate. NB 魴 U+29D53 vs 魴 TD-3467 and 漁 U+6F01 vs 漁 TD-347E
-----	----------------------	--	--

Advise that both words are non-cognate.

Because the component , 𩺰, of the word , 『漁民(fisherman) 』 『漁港(fishing port) 』 , can not be change to the other word's component (漁民) or (漁港) 。

### Point 4

073	朮(0672E) 朮(0672F)	source separation	Flag 29
-----	----------------------	----------------------	---------

When use as a word in the sentence, it could be agree that is non-cognate.

But when use as a component of a word, we advise that both words are cognate,even there are some differences by common usage of written.

### Point 5

099	市市	source glyph variants of 市 (05E02)	modified Flag 109
-----	----	---------------------------------------	----------------------

Advise that both of word, 市, and word , 市 (vertical, one stroke), are non-cognate. The meaning and pronunciation are very different.

Bellows are the details of the two words

『市』 ~ Radical : 巾

Number of strokes (except the stroke of radical):2

Total number of stroke: 5

Pronunciation : 尸 \ (shih)

Meaning: market.

『市(vertical, one stroke)』 ~ Radical : 巾

Number of strokes (except the stroke of radical):1

Total number of stroke: 4

Pronunciation : 匕 \ (fu)

Meaning: It is kind of belt in the old century and use as accessories on the formal clothes.

#### Point 6

127	产产	variants of 产 (04EA7)	Flag 72
-----	----	-----------------------	---------

Advise that both words are non-cognate,

Because both are came form different words and the meaning and pronunciation are so different.

『产』, is the simplified Chinese character from word, 産.

『产』 is a component of word, 彦.

#### Point 7

293	禱 寿	1.4.3	
-----	-----	-------	--

Advise that word, 『禱』, should change to 『壽』, Word, 『寿』, is the simplified Chinese character from 『壽』, not 禱.
