Ideographic Rapporteur Group  
(IRG)

Source/Contribution Identifier: Hong Kong Special Administrative Region, China (HKSAR)

Meeting: 47<sup>th</sup> IRG Meeting in Matsuyama, Japan

Title: Activity Report

Status: Member Submission

## **Activity Report of the Hong Kong Special Administrative Region (HKSAR)**

### **Adoption of ISO/IEC 10646**

1. During the period from 6 May 2016 to 20 September 2016, the HKSAR Government received applications to include a total of 75 characters in the Hong Kong Supplementary Character Set (HKSCS). All the applications have been carefully examined and verified. All 75 characters were found in the ISO/IEC 10646 standard; assignment of new code points was not necessary.
  
2. In accordance with the IRG Recommendation M46.3, the Office of the Government Chief Information Officer, in conjunction with the Official Languages Division, has reviewed the CJK Working Set 2015 v2.0 and provided feedback to the IRG for consideration and discussion at the 47<sup>th</sup> IRG meeting. The comments offered mainly concern unification, radical, stroke count and font quality of the proposed characters. Follow-up of the CJK Extension F project, as stated in the IRG Recommendation M46.2, has also been conducted.
