Vietnam's activities have been focused on two areas:

1. Preparing for IRG #51

Vietnam will host IRG #51 in Hanoi this coming October. We have confirmed a venue and identified responsible persons in the hosting organization. In preparation for IRG 50, we sent out a draft of the logistics information to Dr. Lu. We hope to have a final version before the end of IRG 50.

2. Reviewing IRGN2241

Vietnam's submission to IRG WS2017. Based on our internal review and a number of comments received, we updated and distributed a new version of the IRGN2241 materials on 7 March 2018. Recently we have been reviewing additional IRG member comments. Specifically:
