Meeting: IRG Meeting No. 53 in Shenzhen, China

Title: Activity Report

Status: Member Submission

Activity Report of the Hong Kong Special Administrative Region

Adoption of ISO/IEC 10646

1. During the period from 30 April 2019 to 8 October 2019, the HKSAR Government received applications to include a total of 36 characters in the Hong Kong Supplementary Character Set (HKSCS). All the applications have been carefully examined and verified. 35 out of the 36 characters are already included in the ISO/IEC 10646 standard and assignment of new code points is therefore not necessary. For the remaining character, it will not be included in the HKSCS due to lack of supporting evidence.

Review of CJK Working Set 2017 v4.0

2. The Office of the Government Chief Information Officer, in conjunction with the Official Languages Division of the Civil Service Bureau of the HKSAR Government, reviewed the CJK Working Set 2017 v4.0 and provided feedback to the IRG for consideration and discussion at IRG meeting No. 53. The comments offered mainly concerned glyph design, radical, Ideographic Description Sequence, first stroke, stroke count and total strokes of the proposed characters.
