

This is to reminder IRG members that the full repertoire for ISO/IEC 10646:2019 (6th ed.) CD-3, Draft contains all coded CJK characters up to Ext. G. The document is available in the WG2 website under WG2 N5112: <https://unicode.org/wg2/docs/n5112-cd-3-fullchart.pdf>

The newly added characters are in yellow. All other changes including glyph change, H-extension, etc. are marked by blue colored font. To double check, members with errata report and change request in the past, please do check the code chart. Ext. G is also listed in IRGN2385. Other additions are listed below for your convenience.
