Meeting: IRG Meeting No. 53 in Shenzhen, China

Title: Glyph Change Request from the HKSAR

Status: Member Submission

Glyph Change Request from the HKSAR

We request that a glyph change be made to the character “詩” (U+8494) in the H-column of the code chart of ISO/IEC 10646 standard, as the component “士” in the character should be “士” in line with the latest convention of the HKSAR. The glyph change was agreed in the 12th meeting of the Working Group of Chinese Language Interface Advisory Committee (WG-CLIAC) and the font of the character in the Reference Glyphs for Chinese Computer Systems in Hong Kong has been amended accordingly. The amended font and attribute information of the character are provided below:

艸 140.10		詩 HB2-E3C2
𠄎 ++ 時		
(2)	14	

Radical: 艸 140

IDS: 𠄎 ++ 時

SC: 10

FS: | (2)

TC: 14
