

ISO/IEC JTC1/SC2/WG2/IRG
Ideographic Research Group
(IRG)

Source/Contribution Identifier: The Hong Kong Special Administrative Region of the People's Republic of China (HKSAR)

Targeted Meeting: IRG Meeting No. 55 in New Haven, Connecticut, USA

Title: Submission of Ideographic Description Sequence of Characters in the Hong Kong Supplementary Character Set - 2016

Status: Member Submission (for circulation due to cancellation of the 55th IRG meeting)

Submission of Ideographic Description Sequence of Characters in the Hong Kong Supplementary Character Set – 2016

1. The Working Group of Chinese Language Interface Advisory Committee of HKSAR has compiled a list of Ideographic Description Sequence (IDS) of characters in the *Hong Kong Supplementary Character Set - 2016 (HKSCS-2016)* with respect to the Ideographic Description Characters (IDCs) defined in ISO/IEC 10646 standard.

2. The list of IDS of characters in the *HKSCS-2016* was finalised in the 17th meeting of the Working Group of Chinese Language Interface Advisory Committee held on 22 November 2019 and subsequently endorsed for submission to IRG in the 27th meeting of the Chinese Language Interface Advisory Committee of HKSAR held on 3 July 2020. The list of IDS of characters in the *HKSCS-2016* and related documents are shown in Annex.

3. The submission includes the following files:

IRGN2438 Annex: The Principles of IDS Assignment for Characters in the Hong Kong Supplementary Character Set - 2016

IRGN2438 Table 1: List of coded non-divisible components

IRGN2438 Table 2: List of not-coded components defined internally by stroke data

IRGN2438 Table 3: Complete List of Ideographic Description Sequence of Characters in the Hong Kong Supplementary Character Set - 2016
