Activity Report of the Hong Kong Special Administrative Region

Adoption of ISO/IEC 10646

1. During the period from 1 September 2021 to 28 February 2022, the Government of the Hong Kong Special Administrative Region received applications to include a total of 11 characters in the Hong Kong Supplementary Character Set. 2 out of the 11 characters have been carefully examined and verified by the Working Group of Chinese Language Interface Advisory Committee (the Working Group). The 2 characters are already included in the ISO/IEC 10646 standard and assignment of new code points is not necessary. The remaining 9 characters will be examined and verified at the coming Working Group meeting scheduled to be held in late March 2022.
