1. Background

- KR collected 150 KC chars which are unifiable with UCS characters.

2. A Request of a Horizontal Extension of 150 chars to UCS

- KR requests a horizontal extension of these 150 chars to the next version or an amendment of ISO/IEC 10646.
- Comments from IRG experts are welcome.

- [important] KR suggests that IRG experts review these documents before coming to IRG #60 so that IRG can finish reviewing these documents at IRG #60 and furthermore KR can send these (possibly modified according to IRG recommendations) documents to WG2 #70 (2023.06.19. ~ 23.).
