### **1. Review of Working Set 2021**

We reviewed and commented on a subset of the working set, and responded to the comments of other reviewers via the Online Review Tool.

### **2. IRGN2587 NomNaTong font update and attributes**

Submitted font and data changes described in IRGN2556R2 to the editors and ORT manager. While generating proofs, Henry found malformed outlines in 4 glyphs. We corrected and resubmitted. Current version of NomNaTong-Regular for UCS charts and working set 2021 is v4.611.
